

# EXPLORE TENAQUIP's Vending Solution

## TAKE CHARGE OF YOUR INVENTORY PROCESS

### *Vending Inventory Management*

A powerful inventory management tool in a flexible vending machine format.

### *Automated Asset Lockers*

A customizable asset-tracking locker system for laptops, tablets, power tools, gauges, or other high-value items. Available with or without recharging capabilities.

### *Automated Weight-Based Sensing Lockers*

A smart locker system with weight-based sensor technology to dispense anything from gloves, to grinding discs, to spray cans.

### *RFID Asset & Inventory Tracking*

Eliminate the need for an attended tool crib by automating your system with an RFID portal.
